to have made you very plump, skipper."
Constitutional I guess," said Kettle.
I don't believe the food's grown that'd
make me carry fesh. I'm one of these
men that was sent into the world with
a whole shiplond of bad luck to work
through before I came across any of
the soft things."
"You haven't much to grumble at
now," said Murray, cheerfully, "Here
an I kicking you out of the command
of the Parakeet, to be sure. And why?
Because whilst you've been her old man
you've made her pay so well that the
firm's saved enough to buy a bigger
ship. They're naturally going to give
hie to you to scare up more fat dividenda Lord," said Murray, hitting his
kine, "the chaps on board here will be
calling me the 'old man' behind my
back new."

You'll get used to hearing the fitte,"
said Kettle, grinhy, "before you make
your pile. You'll get married, I suppose,
on the strength of the promotion? I
saw a girl's photo mailed up in your
room."

The new captain nodded, "Got en-

register with your cut a viney "mine and the property divides and the state of the state of the property divides and the state of the property divides and the state of the property divides and the state of the state of the property divides and the state of the property divides and the property divides and the state of the property divides and the property divi

DAGO DIVERS.

The Ball Lake Heralls: SUNDAY, APRIL 9, 1899

The Captain Kettle in Recovering a Large Amount of Gold From Wreck, Assisted By a Crew of "Dago Divers," and its Amusing Results.

BY CUTCLIFFE HYNE, AUTHOR OF "CAPTAIN KETLE.

The paid of the shale to call and the commending the present of the shale to call the three words have been at the mission of the shale to call the three words have been to use under the draw and the commending to the commend

of their own and go back for the plunder.

Kettle felt all an unimaginative man's complacency in ferreting out such a dramatic scheme, and began to think next upon the somewhat important detail of how to get proofs before he commenced to frustrate it. Chance seemed to make Taxzuchi play into his hand. The air pump, which had been damaged by the rifle bullet, had been damaged by the steamer's engineers, and as there were two or three spare diving dresses on the ship, Captain Taxzuchi expressed his intention of making a descent in person to inspect the progress.
